The Oberland Ost Music School (MSO) is your centre of excellence for all matters concerning musical education and training in the Interlaken-Oberhasli administrative district.

We are a modern, regionally recognised music school with a wide programme. MSO has been certified since 2017 according to the ISO norm 9001:2014, Quarte Label.

The lessons for children from playschool age up to 20 (or students up to 25) is co-funded almost two thirds by the canton and municipalities.

Forty certified teachers teach around 550 children, young people and adults at six locations. Contemporary lesson content is very important to us, as well as encouraging making music together with a wide range of orchestras, bands, choirs and ensembles.

The head office of MSO is at the beautiful Haus der Music (House of Music) established in 2016 on the campus of the Interlaken secondary school and vocational school centre. Visit and contact us for information about what we can offer.

You can find out in our information magazine “mosso” every semester and on our website www.mso-net.ch what is going on at our school.

The school management seeks to offer lesson content tailored to people of all ages. Prices and the contact details of the teaching staff can also be found on our website.
